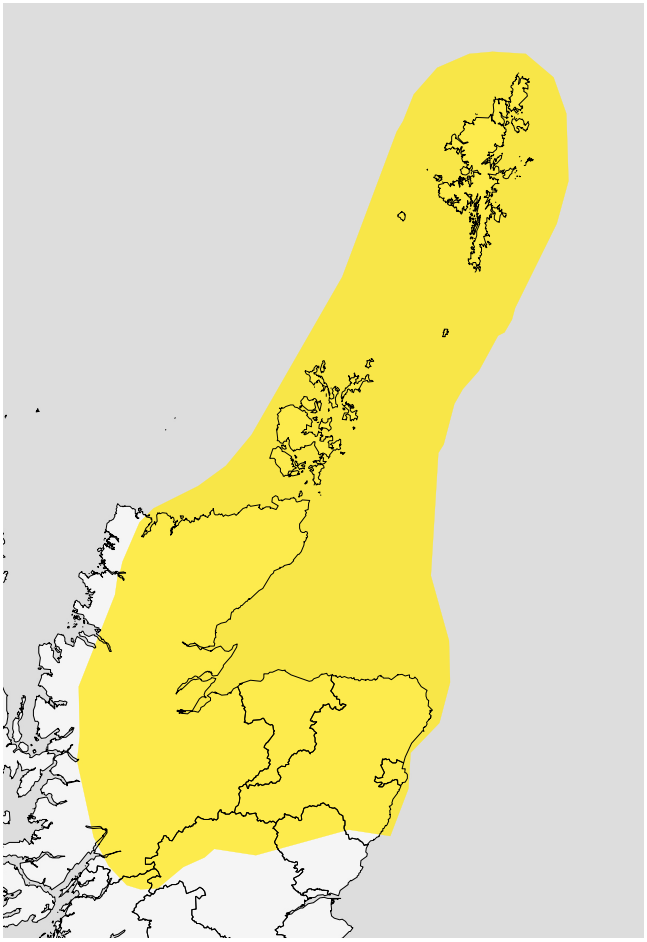
Yellow warning
Snow & Ice

Between
16:00 Thu 2 Jan 2025 and
10:00 Fri 3 Jan 2025



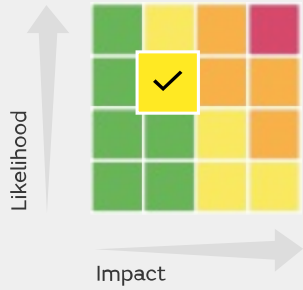
Snow and ice causing some travel disruption.

What to expect

- Some roads and railways likely to be affected with longer journey times by road, bus and train services
- Some injuries from slips and falls on icy surfaces
- Probably some icy patches on some untreated roads, pavements and cycle paths

Further details

Further snow showers are expected at times, with a band of more persistent sleet and snow moving southwards later on Thursday afternoon and through the evening. 3 to 7 cm snowfall is likely in places, whilst 10 cm or more is possible above 300 metres. Across Shetland, much of this may fall during a short spell during the late afternoon period, accompanied by strong and gusty winds leading to temporary blizzard conditions.



Medium likelihood of low impacts

Issued at 09:53 Thu 2 Jan, 2025

Yellow warning
Snow & Ice

Between
16:00 Thu 2 Jan 2025 and
10:00 Fri 3 Jan 2025

Further Details (continued)

Rain or sleet is likely at times along some coasts and at lower levels towards the west of the warning area, with untreated wet surfaces leading to a risk of ice formation on Thursday night.

What should I do?

Snowy, wintry weather can cause delays and make driving conditions dangerous. Keep yourself and others safe by planning your route, giving yourself extra time for your journey. Check for road closures or delays to public transport and amend plans if necessary.

If driving, make sure you have some essentials in your car in the event of any delays (e.g., warm clothing, food, water, a blanket, a torch, ice scraper/de icer, a warning triangle, high visibility vest and an in-car phone charger).

Be prepared for weather warnings to change quickly: when a weather warning is issued, the Met Office recommends staying up to date with the weather forecast in your area.
